**SUMMARY** I am passionate about computers, I enjoy working with software, and seeing how things can be improved and tweaked for optimal results. I love what I do, and work hard at it to improve my knowledge and understanding of the subject.

**SKILLS**

- JavaScript
- HTML
- Web Development
- SQL
- System Administration
- CSS
- Python
- MySQL
- Programming
- Linux
- Java
- C++
- OS X
- PHP
- PostgreSQL
- Unix

**EXPERIENCE** **MappingBook Ltd** 06 / 2014 - Present  
Software Engineer

Developing and maintaining the codebase for several projects, using git-version control, postgres, python and javascript. I work on implementing new features, and writing the backend to retrieve and structure the data.

The Software I have written has been distributed to major airlines such as British Airways, Lufthansa, and the IATA global trade association.

**St Andrews Turi** 04 / 2013 - 07 / 2013  
Assistant It Technician

queried and resolved user issues. Helped transport and setup equipment for functions and maintenance. Did hardware diagnostics to check for faulty hardware.

**EDUCATION** **The University of Edinburgh** 2013 - 2017  
Bachelor of Science (BSc) , Computer Science  
Swing Dance Society, Committee Member for Computer Society

**BridgeHouse College** 2007 - 2011  
Chess, Maths Olympiads

**LANGUAGES** • French
